The Sun Prince, the Saint and the Changeling

A refreshing change of pace for readers of m/m romance — romantic mystery in a graphic novel form. *The Sun Prince* is a historical fiction piece set in Renaissance Italy, exploring the relationship between three young men brought together by politics. Balanced with the thrill of an unfolding mystery, this is a gay romance that is both intellectually engaging and emotionally satisfying.

“When Tomas stumbles into unexpected feelings for his friend Matthias, he dreams about a fun, uncomplicated summer romance. Instead, he discovers that he doesn’t know his friend nearly as well as he thought he did, he knows himself even less, and when your family has connections to the Holy Roman Empire, nothing is ever simple. When summer comes, Tomas finds himself drawn into a mystery spanning two years and three hearts — one of which is his own.”
